

Call For Papers

2nd International Conference on Communication, Computing and Energy Efficient Technologies (I3CEET - 2027)

29-30 April,
2027

The Institute

Galgotias Educational Institutions (GEI) have been nurturing practical skills and creating global professionals for around three decades. The group comprises Galgotias College of Engineering & Technology, Galgotias Institute of Management and Technology, Galgotias College of Pharmacy, and Galgotias University. Founded by Smt. Shakuntala Educational and Welfare Society, GEI is currently led by Mr. Suneel Galgotia, Chairman and a visionary leader.

GEI blends a dynamic and empowering educational process with renowned faculty from academia and industry, strong global academic collaborations, and dedicated placement initiatives to ensure the best career opportunities for its students. Known for its state-of-the-art campus, innovative teaching-learning methods, and world-class facilities, GEI fosters an environment that shapes well-rounded professionals ready to excel in the corporate and global arena.

About the ECE Department

The Department of Electronics and Communication Engineering (ECE) at GCET is accredited by the NBA and has 53 highly qualified faculty members excelling in teaching and research. It offers B.Tech. (ECE), B.Tech. (ACT), and B.Tech. (VLSI) programs. The department attracts top students and consistently achieves nearly 100% placements, including in core companies. Students undertake innovative design and research-based projects supported by state-of-the-art laboratories. Research areas include wireless communication, microwave antenna design, VLSI, embedded systems, and more. MoUs with Huawei ICT Academy, Maven Silicon, PinE Training Academy, and Shantou University, China enhance industry collaboration. Centers of Excellence include IoT for smart applications and RF Circuits & Antenna Simulation for high-frequency design. Special labs for Drone Technology and HAM Radio provide hands-on learning in niche domains. The department actively publishes in reputed journals and engages in cutting-edge R&D. ECE at Galgotias fosters strong analytical, design, and problem-solving skills, preparing students for successful global careers.

About the Conference

The 2nd International Conference on Communication, Computing and Energy Efficient Technologies (I3CEET-2027) is a major international conference that brings together top researchers, scientists, engineers, and scholars from across the world to share their latest research and experiences in Communication, Computing, and Energy Efficient Technologies. The conference, which includes keynote speakers, technical sessions, and workshops, covers a wide range of contemporary areas. Topics of interest for submission include, but are not limited to the following thrust areas: Communication, Networking, Components, Circuits, Devices and Systems, Computing and Processing, Waves and Electromagnetics, Photonics and Electro-optics, Power, and Energy & Industry Applications.

CONFERENCE CHAIR

Dr. R. L. Yadava
Professor, ECE
GCET

CONFERENCE CONVENER

Prof. (Dr.) Amrita Rai
Head of Department, ECE
GCET

TECHNICAL PROGRAM COMMITTEE

Dr. Jaspreet Kaur
Mr. Amanpreet Singh Saini
Dr. Anil Kumar Sethi
Dr. Shilpee Patil
Dr. Alok Kumar
Mr. Parveen Singh Rathore

Dr. Sachin Kumar
Dr. Maksud Alam
Dr. Arun Rana
Dr. Akhilesh Panchal
Ms. Ravinder Kaur

Tracks

• Track 1: Communication, Networking and Broadcast Technologies

Satellite and Space Communications, Wireless and Mobile Communication, Mobile Ad-hoc Networks (MANETs), Network Security and Broadcast Protocols, and 5G/6G Networks.

• Track 2: Components, Circuits, Devices and Systems

Micro-Electro-Mechanical Systems (MEMS), Circuit Theory, Electronic Component Modeling, Embedded Systems, Analog and Digital Circuits, Semiconductor Devices, VLSI Design and Testing.

• Track 3: Computing and Processing

Computer Architecture, Distributed Processing, High-Performance Computing, Big Data, Cloud and Edge Computing, Data Analytics, Machine Learning, Artificial Intelligence.

• Track 4: Fields, Waves and Electromagnetics

Advanced Meta-materials, Electromagnetic Interference/Compatibility (EMI/EMC), Radar Systems, Microwave Engineering, Antenna Design and Wave Propagation.

• Track 5: Photonics and Electro-optics

Biophotonics, Quantum Optics, Laser Technology, Optical Fiber Communication, Optoelectronics, Photonic Integrated Circuits.

• Track 6: Power, Energy and Industry Applications

Control Systems, Industrial Automation, Power Electronics, Electric Vehicles, Renewable Energy Systems, Smart Grids, Sustainable Energy Technologies.

Important Dates

Abstract Submission Deadline
August 22, 2026

Full Paper Submission
October 03, 2026

Notification of Acceptance
December 01, 2026

Registration Ends
January 31, 2027

Final Paper Submission
February 28, 2027

Conference Day
April 29-30, 2027

Registration Fee

(Early bird offer)

Category	IEEE Members	Non-IEEE Members	IEEE Members	Non-IEEE Members
UG/PG Student	₹6000 INR	₹7000 INR	\$200 USD	\$250 USD
Academia	₹8000 INR	₹9000 INR	\$300 USD	\$350 USD
Industry	₹9000 INR	₹10,000 INR	\$300 USD	\$350 USD
Attendee	₹2000 INR	₹3000 INR	\$50 USD	\$80 USD

Prices will rise by ₹1000 INR / \$50 USD after December 31, 2026

- Extra Charges for Additional Pages : ₹1200 / \$50 each
- Additional Paper discount : 3rd Paper : ₹4,000 / \$100
4th Paper : ₹3,500 / \$120
- Additional Certificate : ₹300 / \$25 each

Note: Fee excludes Late Submission Charges.

Top three paper presentations
will be recognized with awards
for excellence.
